To whom it may concern

Re: Gibbs Wilson Contracting Inc.

I am pleased to provide this letter of reference for Gibbs Wilson Contracting Inc. for use in the pre-qualification process for an upcoming tender call.

Gibbs Wilson Contracting has successfully completed several construction projects for SNC-LAVALIN ProFac Inc. over the past several years. Their tenders are consistently competitive. Their work is always carried out in a professional manner; on-schedule and problem-free. We have found their personnel to be knowledgeable and conscientious. They combine expertise with a work ethic.

They are currently working on an addition to the Sarnia Justice Complex. This project is the first phase of a multi-phased project intended to enhance courthouse security. This phase of the work is valued at approximately one million dollars. It requires that the building remain fully functional at all times and involves extremely sensitive working conditions. We have been completely satisfied with Gibbs Wilson's performance on this project to date. Their project management has been exemplary. They have been very responsive to requests of all types. Their co-ordination, site control and scheduling has been excellent. We have been very pleased with the co-operation and assistance from their project manager and site superintendent. Their pricing on changes has been fair and reasonable. They have always provided backup documentation in support of said pricing. The project is currently on schedule and no delays are anticipated.

We look forward to the successful completion of the above project and future opportunities to work again with Gibbs Wilson Contracting.

If I can be of further assistance, please feel free to contact me at 519-452-6810.

Regards
